THE SOCIAL MANUFACTURING PARADIGM

co-creating with manufacturers,
makerspaces and consumers

26 november 2020
09.30 - 13.00 *cet*

This iPRODUCE event will highlight the **role of makers and consumers in the social manufacturing landscape**, which promotes the participation among individuals and the industry in the production of consumer goods.

Presentations will highlight **requirements and challenges** faced by consumers and the industry, and technologies that are available to facilitate a collaborative manufacturing environment. **Invited speakers** will showcase ongoing work and existing practices within the domain of social manufacturing. Finally, a **virtual round table** will provide the audience with an opportunity to engage and *manufacture* a fruitful and interactive discussion.
